SKILLS

- Java, JavaScript, MySQL, MongoDB, Express.JS
- HTML, CSS, Tailwind, React.JS
- Git, VS Code, Eclipse, IntelliJ, Selenium, Data Structures and Algorithms, OOPS, DBMS, Web Design

PROJECTS

Brahma-Kamal Resort Booking

March 2023 – Present | Freelancing

- Developed a resort booking website from scratch using HTML, CSS, JavaScript, and React for the frontend, and Java, Spring boot for backend, resulting in a 30% increase in booking within the first 6 months.
- Designed user-friendly interfaces that:
 - ✓ Reduced bounce rates by 20%, keeping visitors on the site longer.
 - ✓ Increased conversion rates by 15%, turning more visitors into customers.
 - ✓ Integrated secure payment processing using the Razor-Pay API, ensuring smooth and safe transactions for all bookings.
- Implemented encryption for sensitive data using SSL/TLS protocols to protect user data during transactions.

EdTech Website

Aug 2021 – July 2022

- Designed and developed an educational platform that boosted student engagement and improved learning outcomes.
- Implemented key features using HTML, Tailwind, JavaScript, React.js, Express.js, and MongoDB, such as:
 - ✓ Course selection for easy navigation of available classes.
 - ✓ Progress tracking to monitor student achievements.
 - ✓ Personalized recommendations to enhance learning experiences.
 - ✓ Certification upon course completion to recognize accomplishments.
- Ensured the platform was accessible on various devices using responsive design techniques, providing a seamless learning experience on-the-go.

Anti-Ragging Website

Dec 2019 – June 2020

- Developed a website using Java, JavaScript, React.js for a college project to help students report and complain about ragging to college authorities.
- Implemented secure login features to protect user privacy and information using secure authentication, encrypting passwords and bcrypt.
Collaborated with students and faculty to gather requirements and feedback, ensuring the website met their needs and was user-friendly.

EDUCATION

- B.Tech | Dr A.P.J Abdul Kalam Technical University (Lucknow, UP) (July 2016 - Dec 2020)
(Electrical and Electronics)
- XII (MP Board) | Royal Public HR. SEC. School (Panna, MP) (Mar 2015 – Apr 2016)
(Physics, Chemistry, Maths)

CERTIFICATIONS

- JAVA (Udemy)
- Web Development (CodeHelp)

ACHIEVEMENTS

- Launched a startup within the MSME sector (Secured funding for startup under MSME)
- Contributed to a project with India's Department of Science and Technology.
- Achieved the first prize in robotics competition, showcasing innovation, teamwork.
- Authored a paper accepted for presentation at an IEEE international conference.
